Peso	390 kg
Carga Máxima	2500 kg
Pressão de Trabalho (máx.)	270 bar
Nº. de unhas	4

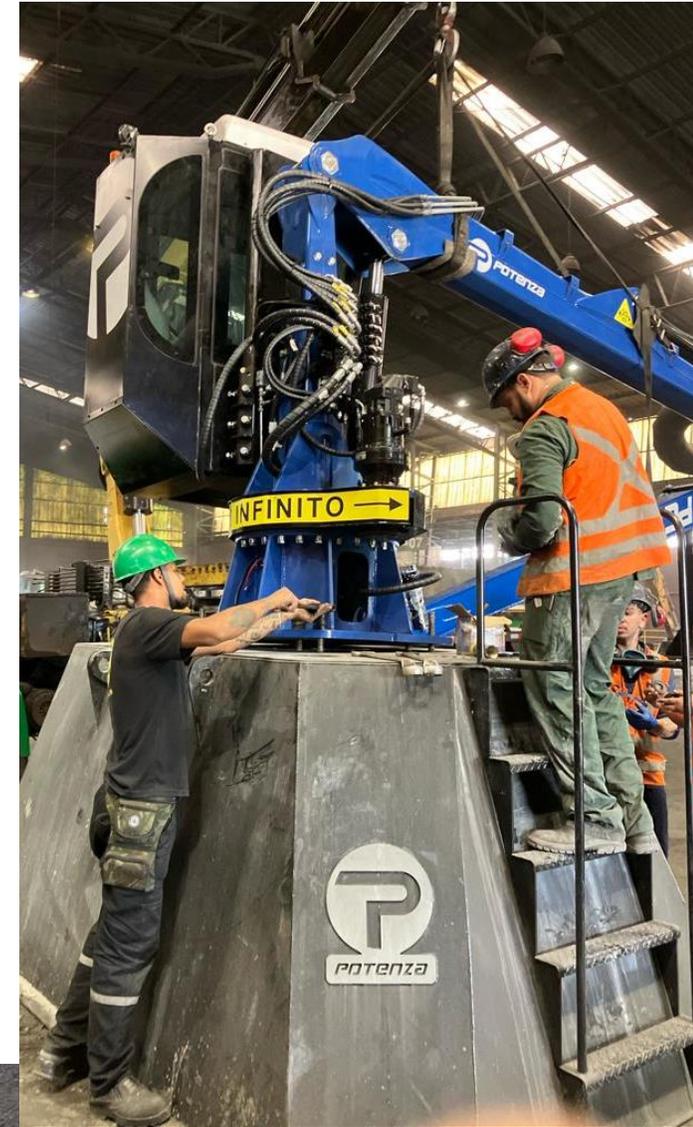

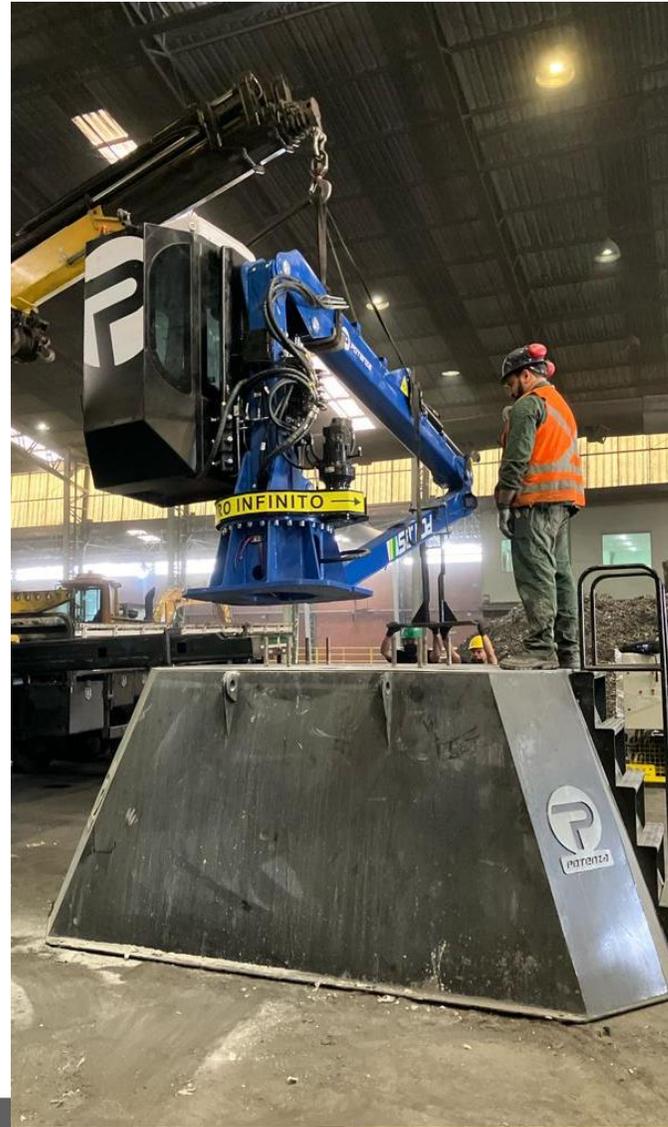

SAPATA ESTACIONÁRIA (E)

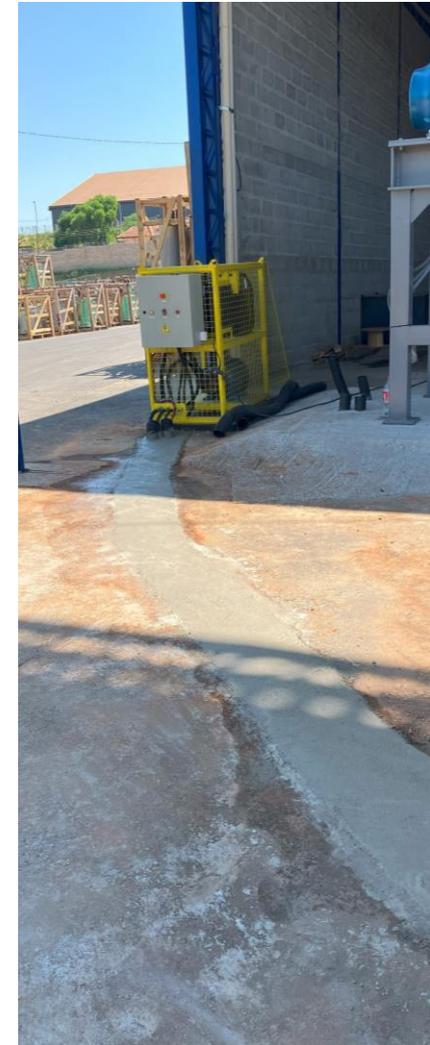

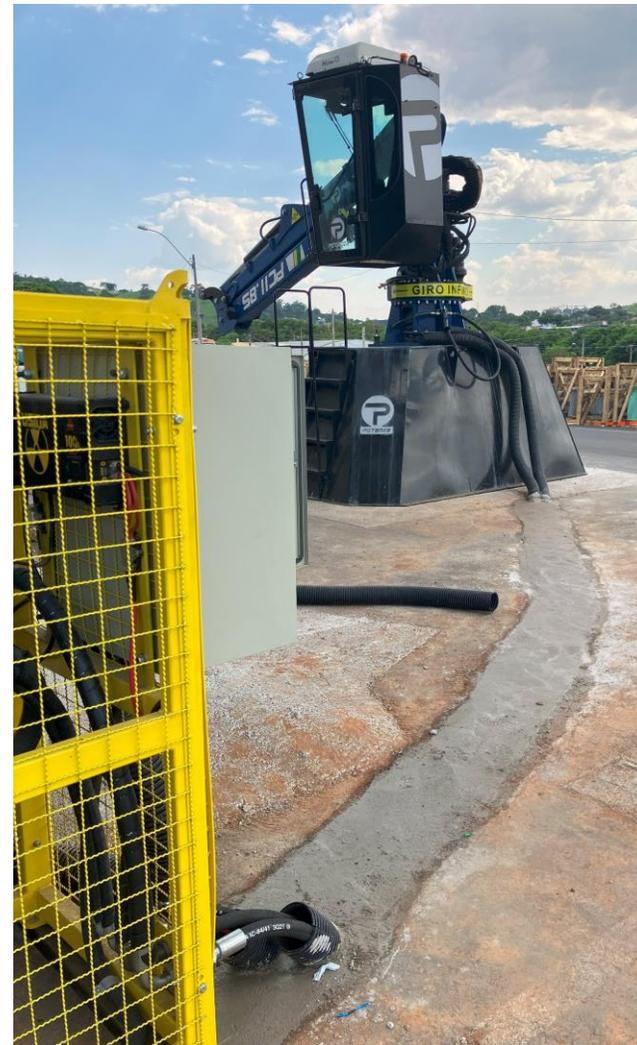

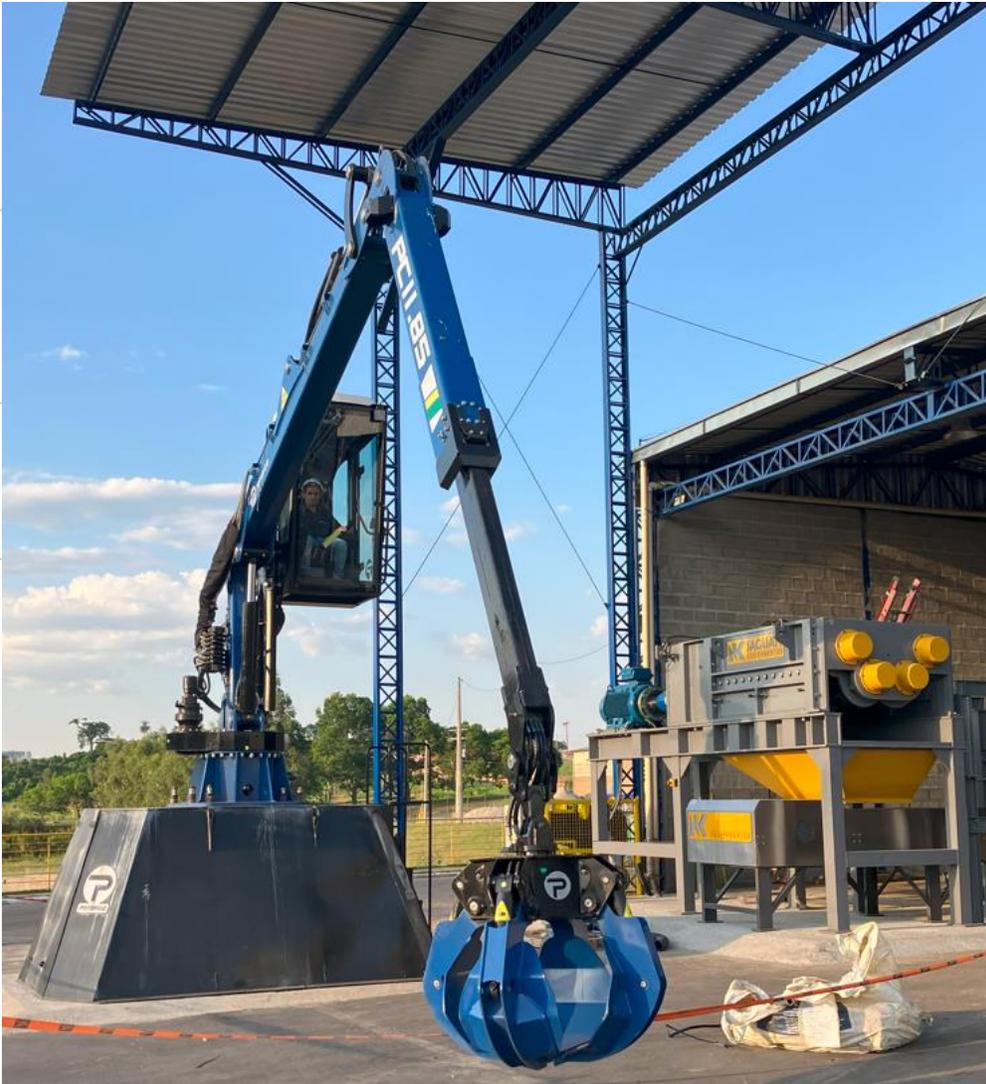

Exclusivo

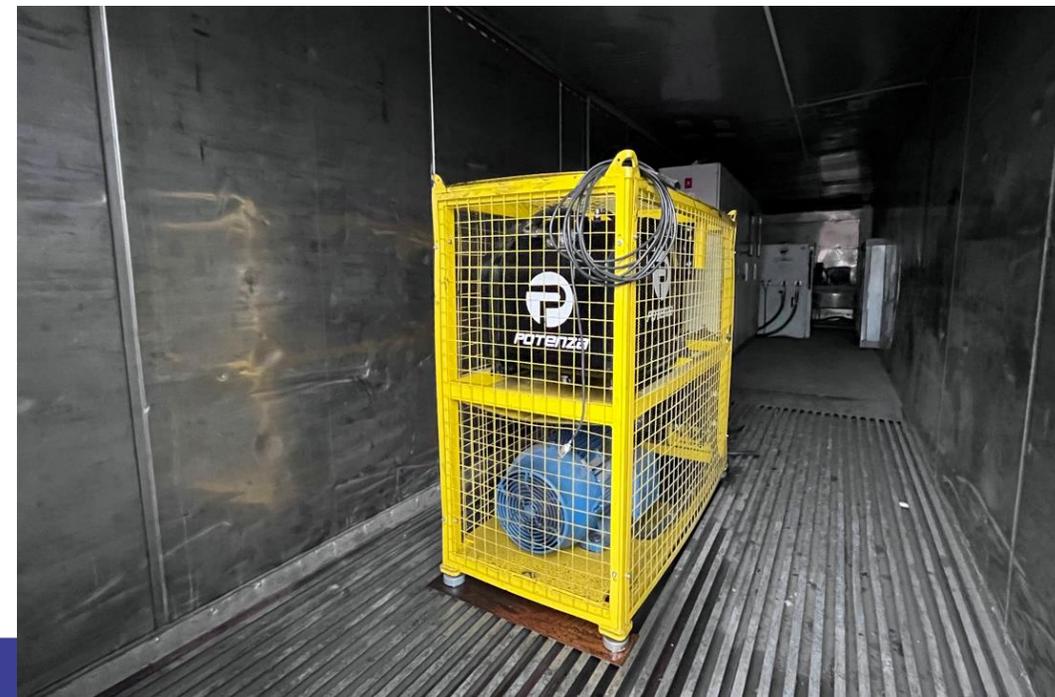

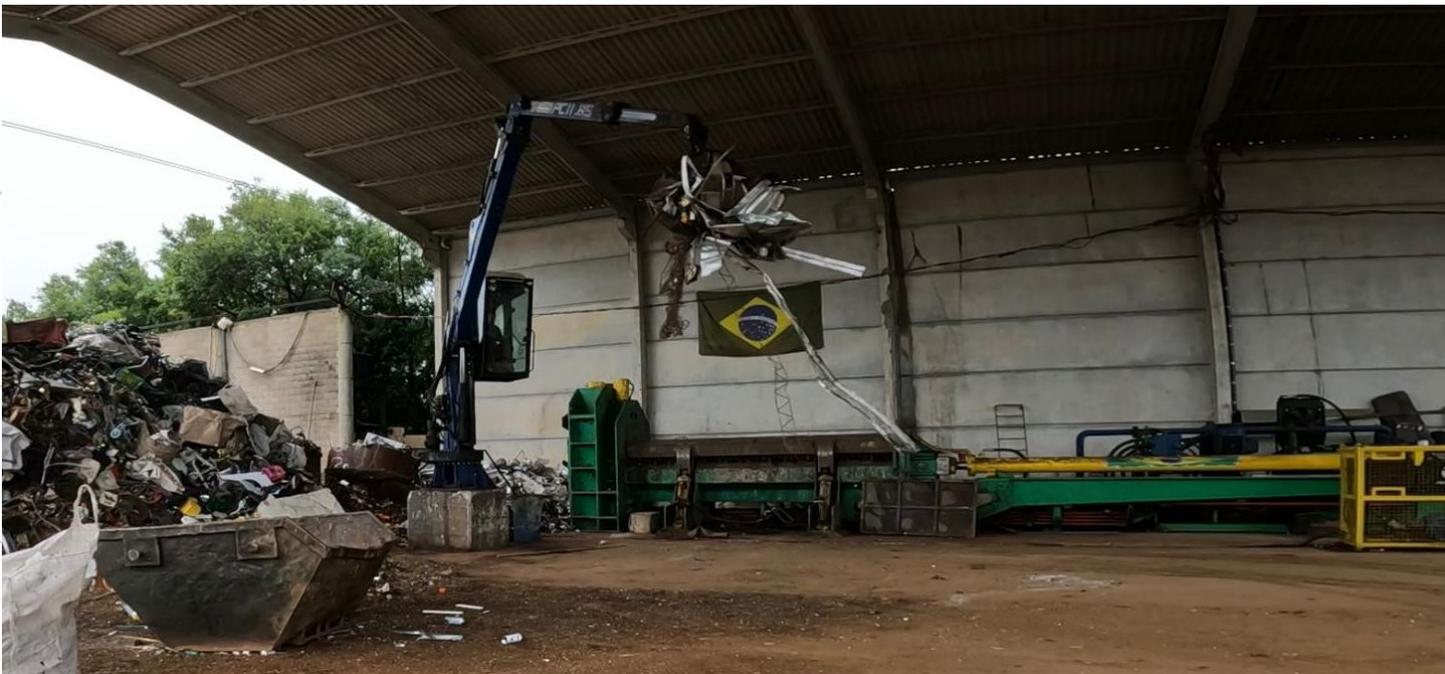

Concretagem base estacionária
sem fundação

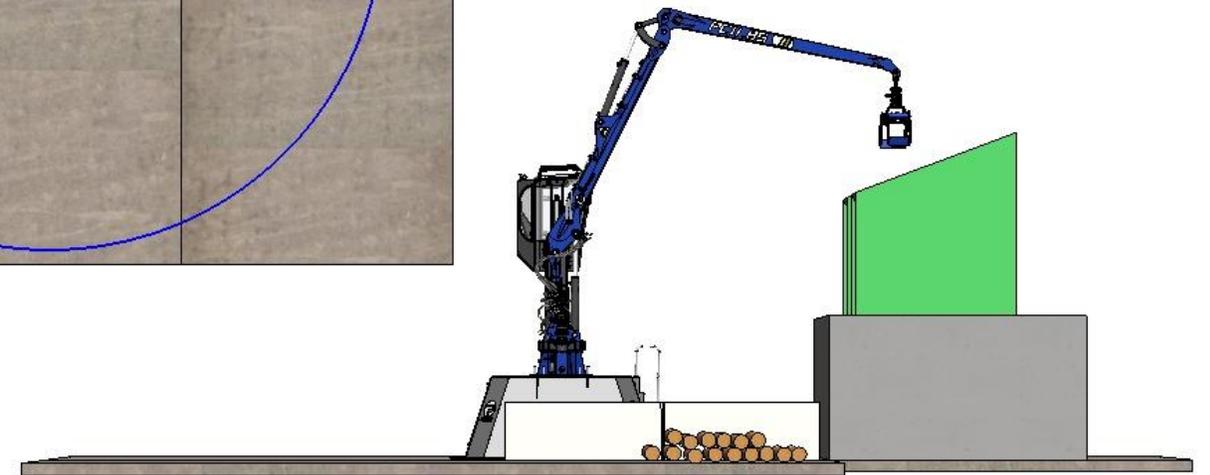

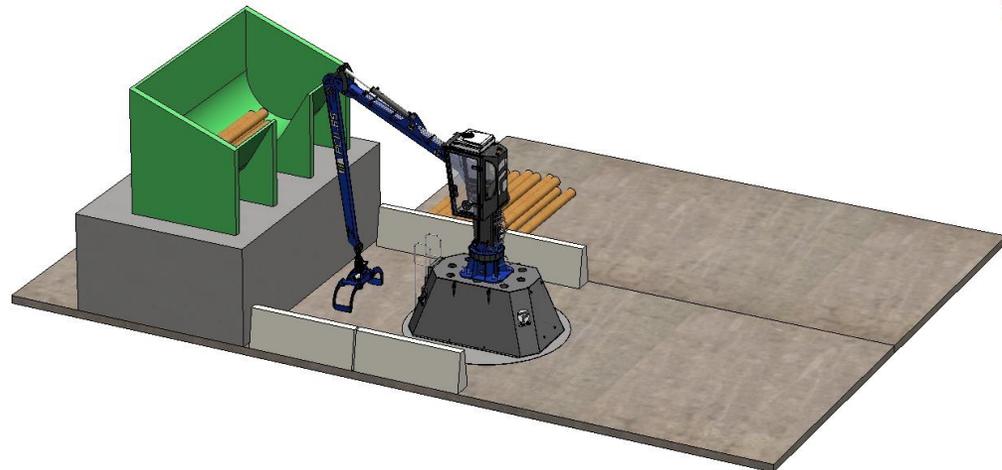

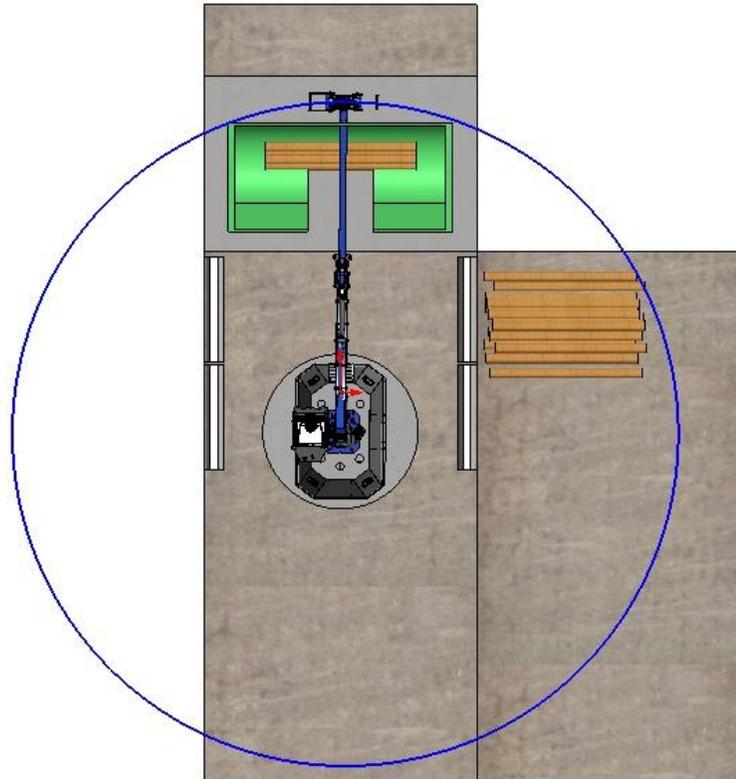

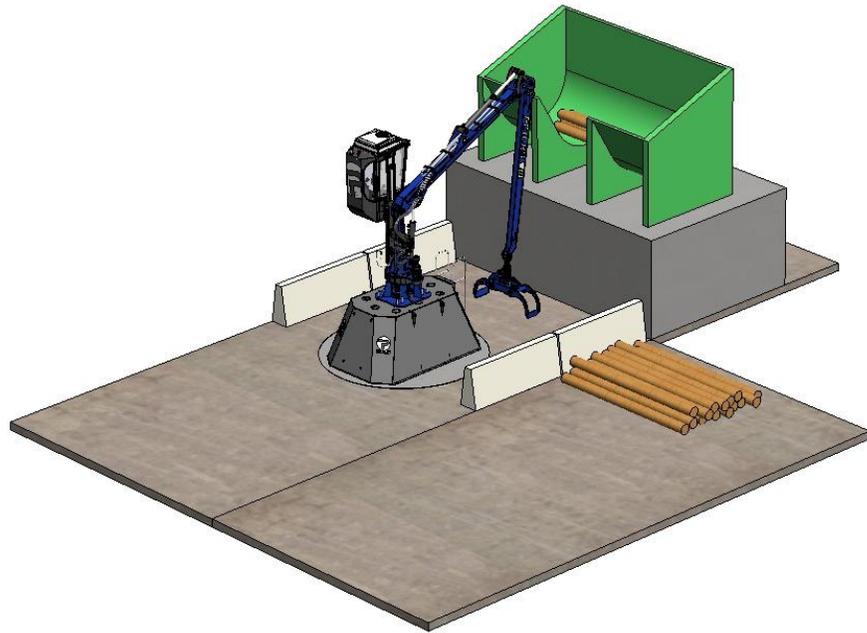

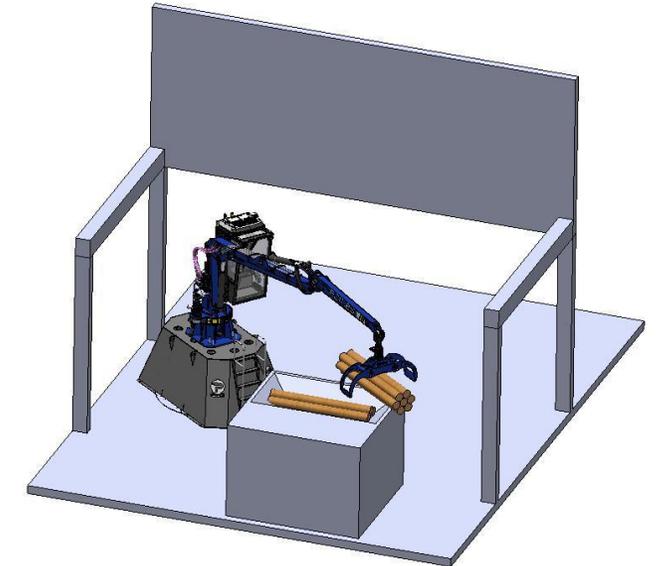

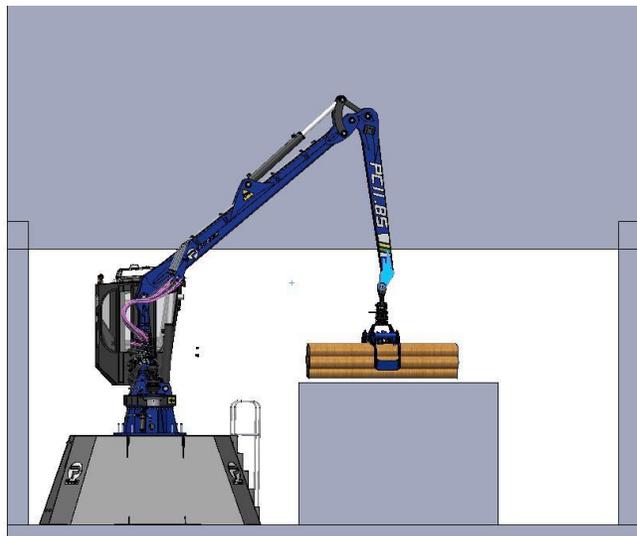

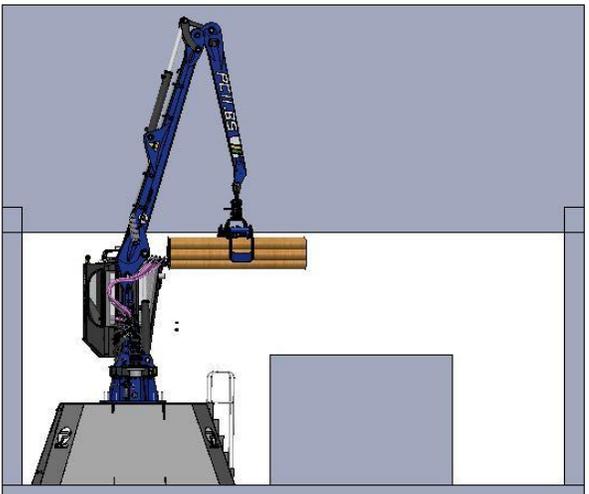

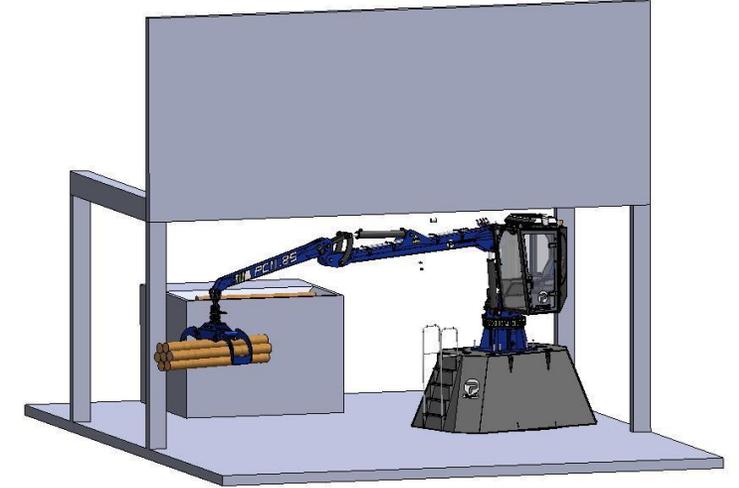

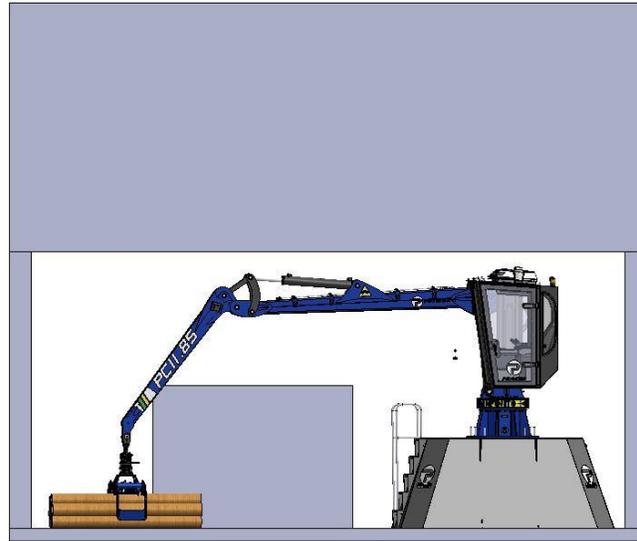

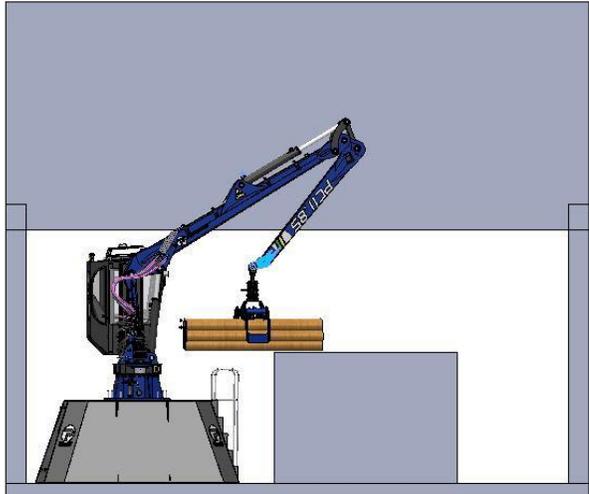

Operação contínua, sem o inconveniente de ter que retornar a cada final de curso, aumenta em muito a produtividade e o conforto operacional.

Maior disponibilidade mecânica, visto que não gera o impacto de final de curso.
